SHARE History Homework Checklist

3-4th Grade Homework

Due 9/19/23

Day 1

_____ (20 points) Read the WW1 lesson. This is a longer lesson to read, but is an overview of this significant event. This is a PDF on the SHARE website. (No Need to Print! Just read it online. This will be the last time we have to do this before our books are ready! Hooray! We will be in WW1 for several weeks and the books will be here before we have another reading lesson)

Day 2 and 3

_____ (30 points) PRESENTATION PREPARATION

You will have a World War 1 presentation- on **September 26th OR October 3rd**. You will get the dates finalized next week, but you received your topics this week in class. You are to begin to prepare for this presentation, deciding how you want to present and beginning to research. Your homework this week is to spend 20 minutes on day 2 and day 3's homework. Spreading out the work will make this not an overwhelming project, which it will be if it is saved for last minute!

See the PDF on the website for the RUBRIC. Please note- These will be SHORT presentations, 1-2 minutes only. (Although that can seem long for those who don't love to be in front of the class!) We will be good listeners and our class will be a safe place to practice hard things.

*One of the best ways to actually learn something is to be able to teach it to others. That is the main purpose of presentations.

*You can choose to present according to your strengths and interests. You can be as creative as they would like!
