Name:_

Fundamentals of Chemistry & Physics: Week 15 HOMEWORK CHECKLIST

ALL GRADES

Due on January 16th

********<u>Please note that January 16th marks our fifteenth week of SHARE and since we had a few weeks with no reading lessons, the reading lesson numbers no longer match up to the week number. Checklist must be signed by a parent to confirm that the homework was completed throughout the week to receive homework credit. Ten points will be taken off if the homework is checked off but is missing a signature.</u>

___ (10 points) Reading Lesson 12: Let's Get Moving With Physics!

The reading lesson was handed out in class and should be in the front of your binder. <u>Read the</u> <u>lesson or listen to the audio version posted on the class webpage as you read along and take notes.</u> The lessons are designed to encourage note taking skills as you read. It is not required for 3rd & 4th grades, but it is encouraged to begin practicing note taking skills by <u>neatly highlighting or underlining the</u> <u>main points in the lesson as you are reading.</u> This is a study skill that will help you connect with what you are reading, become an independent learner, and help you to retain the information. <u>5th & 6th graders</u> <u>should make this a weekly habit</u>. <u>I HIGHLY RECOMMEND THAT THE READING LESSONS BE SPLIT</u> <u>INTO TWO SESSIONS IF POSSIBLE SO THE INFORMATION IS BETTER RETAINED.</u>

(10 points) Recall & Connect Questions (To be turned in for grading)

After reading lesson 12, take out page 71/72 of your reading lesson and answer the questions **based on what you've read**. It is acceptable for third graders (or others who need the help) to dictate their answers to a parent and have the parent write it down for them. Please keep it in their own words and have them try to write a key word or two to work towards independence. You will turn this in on January 16th along with this completed homework checklist. Special instructions: please note the special instructions on questions 3 and 4. In addition, third graders may skip questions 6, 7 & 8.

(10 points) For Reinforcement and Review—What is Physics and Force?

After you have read lesson 12, watch the following videos to reinforce and review what you have learned.

What is Physics? (ABC Kids): <u>https://www.youtube.com/watch?v=muyS5oRfqag</u>

Forces – Push and Pull Motion (Learn and Play): <u>https://www.youtube.com/watch?</u> <u>v=sva0ZRfFx4k</u>

Fundamentals of Chemistry & Physics: Week 15 HOMEWORK CHECKLIST

ALL GRADES Due on January 16th

_____ (5 points) In Preparation for Next Week's Lesson—Newton's Three Laws of Motion

We will be covering Newton's Three Laws of Motion next week which can be a lot of information to take in. Please watch the following video so you can get a head start in understanding the laws of motion.

Newton's Three Laws of Motion for Kids (FreeSchool): <u>https://www.youtube.com/watch?</u> <u>v=aA_mqSzbkM0</u>

_____ (5 points) Weekly Housekeeping!

Since you received all of your graded papers and checklists at the end of last semester, there should not be any older things to file, so please check your supplies, and make sure your parent has signed this checklist to let me know that the work was completed at home. <u>There were a few checklists</u> last semester that I had to take points off of for not having a signature! ALSO, please file your reading lesson behind your reading lesson tab!...The reading lessons serve as your textbook and do NOT get turned in!!

Parent Signature: _____

Homework Completion Grade _____/40 points
